### Part One: Review of Performance Elements Rating Scale

### Level 5 (E) Exceptional

Performance far exceeded expectations due to exceptionally high quality of work performed in all *essential* areas of responsibility, resulting in an overall quality of work that was superior; and either 1) included the completion of a major goal or project, or 2) made an exceptional or unique contribution in support of unit, department, or University objectives. This rating is achievable by any employee though given infrequently.

#### Level 4 (EE) Exceeds expectations

Performance consistently exceeded expectations in all *essential* areas of responsibility, and the quality of work overall was excellent. Annual goals were met.

#### Level 3 (ME) Meets expectations

Performance consistently met expectations in all *essential* areas of responsibility, at times possibly exceeding expectations, and the quality of work overall was very good. The most critical annual goals were met.

#### Level 2 (I) Improvement needed

Performance did not *consistently* meet expectations – performance failed to meet expectations in one or more *essential* areas of responsibility, and/or one or more of the most critical goals were not met. A professional development plan to improve performance must be outlined in Section 4, including timelines, and monitored to measure progress.

#### Level 1 (U) Unsatisfactory

Performance was consistently below expectations in most *essential* areas of responsibility, and/or reasonable progress toward critical goals was not made. Significant improvement is needed in one or more important areas. In Section 4, a plan to correct performance, including timelines, must be outlined and monitored to measure progress.

\*The inclusion of goals is typically a consideration in assessing the overall rating.

In keeping with the Operational Excellence goal of striving for a high-performance work culture, the campus is standardizing the performance review process and recalibrating our performance ratings to ensure that they are used consistently across all departments and in compliance with campus policy. These changes will take place for the 2011-2012 performance cycle. Recalibrating the performance rating scale in compliance with campus policy means that a rating of "meets expectations" will be given when performance consistently meets expectations in all essential areas of responsibility, at times possibly exceeding expectations, and the quality of work overall is very good. In addition the most critical annual goals have been met. As a result, there may be a change in the employee's performance rating for the 2011 -- 2012 cycle without a change in his or her work performance.
